# COVID-19 SURVEY FOR CHILDREN & YOUNG PEOPLE

With Victoria again in lockdown or under restrictions, we want to make sure we keep hearing from children and young people about how they are feeling and what suggestions they have about the future. This will help the Commission advocate about the issues affecting them and share their perspectives with government and other decision-makers.

Visit **[ccyp.vic.gov.au](https://ccyp.vic.gov.au)** or scan the QR code below to complete the survey! It's super quick and will help us. Remember we will get out of this together!
