

# Calling for volunteers

## Independent Visitor Program- Youth Justice Centres

### **The Commission for Children and Young People is looking for volunteers from African communities to join its Independent Visitor Program (IVP)**

Our Independent Visitor Program involves monthly visits by independent volunteer visitors to Victoria's youth justice centres in Parkville and Malmsbury. Independent visitors play an important role in independent monitoring and assisting children and young people in custody.

As a volunteer you will:

- visit children and young people from African communities in Youth Justice Centres
- help children and young people from African communities to resolve their issues
- be part of a supportive group of other volunteers
- be available for one to two days per month
- receive a small fee to cover your expenses.

#### **More information**

More information about the Independent Visitor Program can be found on our website:
